

# Elephant Pumpkin Carving Template

### Parents' Instructions:

1. Tape or pin your template to the pumpkin, then score the design into the pumpkin skin by dragging a pointy object along both sides of the black lines. (You can use a nail from home or a plastic poking tool available in some pumpkin-carving kits) You will be cutting the black areas of the stencil out of the pumpkin so your image shines through.

Tip: Carve starting at the center of your design and work outward to avoid putting pressure from your hand on areas already carved. If you cut something you didn't intend to, use a toothpick to attach it back to the pumpkin.

2. Place your carved *Ringling Bros. and Barnum & Bailey*® Pumpkin in a place of honor. Take a photo and upload it to Twitter with the #ChiRingling tag.

3. Receive your FREE KID'S TICKET and enjoy the show! Full details on the *Ringling Bros.*® Facebook page – see event #ChiRingling Halloween.
